GOLDWING ROADRIDERS ASSOC.

From the Chapter Director's

HELLO ALL,

THE WEATHER IS STARTING TO CHANGE AND SOON WE WILL BE RIDING IN THE COOL DAYS AND NIGHTS. BILL HARRIS HAS BEEN DOING A GREAT JOB OF SETTING UP RIDES AND KICK-TIRES. I KNOW HE WOULD LIKE ALL OF YOUR INPUTS, SO DON'T HESITATE TO LET HIM KNOW.

THE CHRISTMAS PARTY IS COMING UP (DECEMBER 8TH), SO BE SURE AND GET YOUR RESERVATIONS AND MONEY TO ME (MAKE CHECKS TO FL2D).

WHILE I AM THINKING ABOUT DECEMBER, THE TOY RIDE IS DECEMBER 2ND; YOU WILL NEED A STUFFED ANIMAL AND A TOY FOR EACH RIDER. I WILL BE TAKING THE SLEIGH AGAIN THIS YEAR SO IF YOU ARE UNABLE TO CARRY THE TOYS SEE THAT I GET THEM BEFOREHAND, OR AT THE BREAKFAST THAT MORNING (MORE ABOUT THAT LATER FROM BILL).

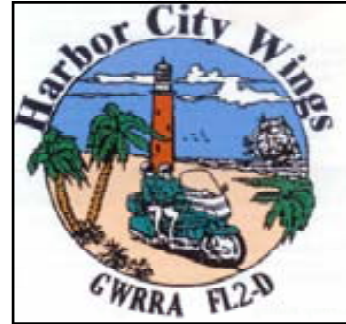

SOMEWHERE IN THIS NEWSLETTER THERE SHOULD BE PICTURES FROM OUR RIDE TO THE MISSISSIPPI STATE RALLY IN BILOXI MS. A GOOD TIME WAS HAD BY ALL.....MIKE & PAT DUQUETTE, MO & DEB DALTON AND LYNN & I MADE THE TRIP.

THE FIRST DAY WE DID ALL INTERSTATE (TRYING TO GET OUT OF FLORIDA), TO CRESTVIEW FL., UP IN THE PANHANDLE. THE SECOND DAY WE HIT THE BACKLOADS ALONG THE COAST (SURE COULD HAVE USED A GPS). THE BRIDGE ON US90 IS STILL OUT EAST OF BILOXI AND WE HAD TO RETURN TO I-10. WE MADE IT TO BILOXI BY MID-AFTERNOON AND STAYED AT THE ISLE OF CAPRI CASINO AND HOTEL. IT IS A VERY NICE PLACE.

FRIDAY WE ALL TOOK OFF TO EXPLORE THE BACK ROADS OF MISSISSIPPI. OUR DESTINATION WAS HAITTIESBURG FOR LUNCH. MO LEAD (SURE COULD HAVE USED A GPS). WE RETURNED TO BILOXI TO THE RALLY AND MADE OUR ROUNDS AMONG THE VENDOR AND SPENT SOME MONEY.....

SATURDAY, LYNN AND I TOOK OFF FOR NEW ORLEANS AND THE FRENCH QUARTER. WE SPENT MOST OF THE DAY THERE AND RETURNED IN TIME FOR THE CLOSING CEREMONIES AT THE RALLY.

DIDN'T WIN ANYTHING. TO ME, ONCE YOU HAVE BEEN TO A STATE RALLY YOU HAVE BEEN TO THEM ALL. THE GOOD PART IS GETTING THERE AND SEEING THE SIGHTS FROM YOUR BIKE. BILOXI AND NEW ORLEANS ARE STILL TRYING TO RECOVER FROM KATRINA AND IT IS SLOW GOING.

Lost in Dreamland – Trucker’s Paradise Lost – Fiction/Non-fiction

Is it just me or am I dreaming? Seems that I end up taking as many wrong turns with a GPS as without!?!? Taking as many last minute turns with a GPS as without!?!? I thought the GPS was supposed to make my life simpler! Easier! More convenient! ...Then, I slowly realize, as I awake to my senses, that I have gone full circle in the new electronic age.

Remember the good ole days? Riding down the back roads of the southern states among beautiful fields, hills, trees. Pushing left going left, pushing right going right. Outside, Inside, Outside.... Outside, Inside, Outside. Possum Push left quick, Push right quick, straighten handle bars. Brake in straight line. Check rear view mirror...nothing coming up from behind. Flashers on. Side stand down. Retrieve paper bag from right saddle bag compartment. Run back. Get possum. Place in saddle bag. Back on bike. Flashers off. Side stand up On the road again With lunch in tow. The good ole days.

Back on the road, curving winding hills. No cares. No worries. Cool breeze. Lost in a dreamland, when all of a sudden a voice awakens me from my dreamy condition...”TURN RIGHT HERE!!!” I immediately recognize the voice and that it is coming from directly behind me. “YOUR GONNA MISS THE TURN!!!” I’m looking all around, slowly coming to my senses. Looking left, looking right. I know I can’t see the arm pointing to the right behind me....There it is.... Route 29W 15 feet ahead and approaching fast. Brake hard in a straight line.... Co-rider is trying to push me into the gap between the handle bars and the windshield ... Push back ... Push right go right...#%\$, forgot to look behind me...Made it once again...

Back into reality. After listening to the Polite(?) discussion about my navigational and riding skills from the back seat, and radio chatter about “What the \$%^ was that!” from the bikes following behind me, I take accounting deep inside about how I need to pay close attention to my riding. I should have known the route much better and been much more prepared.

Good Ole Days gone, back in 2007, I sit in contemplation, at the meeting area getting ready to pull out and lead the group on another tour of the countryside, I look down at my GPS, with it’s little, hard to see screen, in certain lighting conditions. In the back of my head I hear a little voice that says, you should know the route in better detail.

I realize, that I have moved my co-rider from the back seat to sitting on the handlebars right in front of me. Full circle in the cyber world. Now when I have to make a quick turn, I have to look down to verify my error. That far away voice again “You go where you look...”

Another voice loud and clear in my head ...“All bikes out and rolling”. Sure is a beautiful day to ride....

18 wheelers. A necessary evil on the road of paradise. Beautiful

day for a ride. Four lane highway, heading north to exit for a ride through the national forest. Cruising at 72mph, 18 wheeler pushing air my direction, immediately to my right in the next lane. He’s traveling at 70mph. What’s wrong with this picture?

If you have never seen an 18 wheeler blow a tire, and the quickly ensuing 35lb gator flying through the air, I hope you never do. It doesn’t matter if you are on a Wing or in a Hummer, you don’t want to be in this position.

Don’t ever ride beside an 18 wheeler for any length of time. 18 wheelers shed and slobber, just like a St. Bernard. If they aren’t kicking up road debris, slobbering rain from roadway, and shedding gators, the wind shear enough is reason to avoid them. Therefore, remember two tips when sharing the road with big rigs.

- 1) When riding single or part of a group, don’t lumber beside a truck. Increase speed and clear the whole group of the big rig in a timely manner. If uncomfortable with this, hold back and stay well behind.
- 2) Remember the No-Zone. You will be in the blind spot. The longer the time in the No-Zone, the quicker you become a No-More. Check out the GWRRA message board discussion in the Trike Sig section titled “Trike tragedy in Texas”. A trike was riding beside a 18 wheeler when the rig changed lanes. Never saw the trike. In fact, the trucker kept on traveling, completely unaware of the situation.

Need I say more?

Ride Safe. It’s a beautiful day for a ride.

A man goes into a drug store and asks the pharmacist if he can give him something for the hiccups. The pharmacist promptly reaches out and slaps the man's face. "What the heck did you do that for!?" the man screams. "Well, you don't have the hiccups anymore do you?" The man says, "No I don't, you IDIOT... But my wife out in the car still does!"

One night a burglar is trying to break into a house. He's sneaking across the lawn when he hears a voice - "Jesus is watching you!" He jumps, turns around, but he doesn't see anything. So he starts creeping across the lawn again. "Jesus is watching you!" He hears it again. So now the burglar is really looking around, and he sees a parrot in a cage by the side of the house. He says to the parrot, "Did you say that?" The parrot answers "Yes I did." So the burglar asks, "What's your name?" The parrot says "Clarence." The burglar says "What kind of stupid idiot would name his parrot Clarence?" The parrot laughs and says, "The same stupid idiot that named his Rottweiler 'Jesus' "

Joan, who was a rather well-proportioned secretary, spent almost all of her vacation sunbathing on the roof of her hotel. She wore a bathing suit the first day, but on the second, she decided that no one could see her way up there, and she slipped out of it for an overall tan. She'd hardly begun when she heard someone running up the stairs. She was lying on her stomach, so she just pulled a towel over her rear. "Excuse me, miss," said the flustered assistant manager of the hotel, out of breath from running up the stairs. "The Hilton doesn't mind your sunbathing on the roof, but we would very much appreciate your wearing a bathing suit as you did yesterday." "What difference does it make?" Joan asked rather calmly. "No one can see me up here, and besides, I'm covered with a towel." "Not exactly," said the embarrassed man. "You're lying on the dining room skylight."

While working at a pizza parlor I observed a man ordering a small pizza to go. He appeared to be alone and the cook asked him if he would like it cut into 4 pieces or 6. He thought about it for some time before responding. "Just cut it into 4 pieces; I don't think I'm hungry enough to eat 6 pieces. Yep, they walk among us and they VOTE !!

LAST NIGHT OUT

Busy October

October was a rather busy month. Hopefully everyone found something that was of interest. If not, provide me with some suggestions.

10/6/07 - Although not a Chapter event, I attended the October Plant City Bike Fest. The event is held the first Saturday of each month. Details are available at <http://www.plantcitybikefest.com/>. Although this is a low key event, there were many bikes and many vendors in historic downtown Plant City. If you should ever end up in the Tampa / Plant City area on the first Saturday of a month, I highly recommend this event.

11/7/07 - The first Chapter event of October was the Triathlon Escort. Harry said we had adequate support but could have used more bikes.

10/13/07 - The next event was a quickly called Chapter Ride to the Sanford Bike Fest. This was a last minute addition. Unfortunately, I guess it was called too quickly since only Sharyn and I made the trip. We only learned about the event a few days earlier via a radio ad. This was the second "annual" event, so next year we will try to give more notice. The Sanford ride is an easy ride with little traffic. On the trip over, we managed to mingle with a 20 bike group of mostly Victory riders. Sanford was a good event and a nice warm up for Biketoberfest. It was a beautiful day and there were a ton bikes parked around Lake Monroe. There were a moderate number of accessory, bike, and food vendors. One bike vendor had a large collection of the new 3-wheel Can-Am and was giving demo rides (around Lake Monroe). The west entrance to the lake-front Sanford bike fest was a Kodak moment as you entered under a large American flag hung high over the street from two high-reach lifts. Sanford's easy access and beautiful setting makes this a "don't miss" event next year.

10/16/07 – The first Kick-tire in October was held at Frankies Wings on Wickham. About 13 people showed up to munch on famous Frankies Wings.

10/19/07 - Biketoberfest was the next major event in Florida. This year the Chapter offered two rides to Daytona. The first was on Friday and was led by myself. Although 4 bikes had signed up, we made the trip with 3 bikes and 4 riders (Carl Vetzal, Robert Steiner, and Sharyn & I). Robert was an addition not in the original 4 and fortunately he brought his camera and was able to get the following pictures.

Our initial destination in Daytona was breakfast at Steve's Famous Diner and their wonderful homemade bread. On the way north, we detoured through Merritt Island National Wildlife Refuge. SR-3 takes you over the Haul-over Canal and through the wilderness from KSC to Oak Hill. After rejoining US-1 near Oak Hill, we turned left in South Daytona on Nova road and headed to Steves. After an excellent breakfast, we all went our own ways to explore Daytona at our own pace. Sharyn and I were staying until Sunday, so we headed to the Marriott Residence Inn near turn 4 of the track. They had promised an early check-in, but nothing was available so we started our Daytona tour. During the next 3 days we managed to hit the follow locations at least once in the approximate order shown

- Beach Street
- Sunshine Plaza
- New Smyrna Airport
- New Smyrna Harley Dealer
- Cabbage Patch
- Main Street

- Iron Horse Saloon & area vendors
- Destination Daytona
- St Augustine
- Track Vendors

Saturday, we were in the process of purchasing new Nolan helmets and headsets from Sierra when it turned out they did not have one of the helmets. We then started climbing the learning curve on Bluetooth wireless systems and when they might actually be available for Goldwings. This lesson included talking to Sierra (Sunshine), AirRider (Sunshine), J&M (Destination Daytona), and using the internet chat-lines (hotel). Fortunately our hotel had a computer in the lobby for guest to use. In the end, we decided to wait until Bikeweek and try again.

Friday was unseasonably hot; the vendor tents were like a sauna. Saturday rained a little in the morning and was then beautiful the rest of the day. Sunday was an overcast day with a little rain. This made an easy ride home. On Sunday, vendors at the Track, Sunshine Plaza and New Smyrna Airport started packing up early. We made a quick tour of the track vendors and a quick stop at Sunshine and then headed back to Melbourne by early afternoon.

10/20/07 – As I stated, there was two Chapter Rides scheduled to Biketoberfest. The second was scheduled the next day on Saturday and Harry was to lead it. Harry informed me that due to rain, he and one other person went to Daytona by car.

10/20/07 – Although still in the future as I write this article, our first combo Chapter Ride and Kick-tire is scheduled for next week to Kelsey's Italian Restaurant in Port St John.

Lawyer at the Pearly Gates

One day, a teacher, a garbage collector and a lawyer wound up together at the Pearly Gates. St. Peter informed them that in order to get into Heaven, they would each have to answer one question. St. Peter addressed the teacher and asked, "What was the name of the ship that crashed into an iceberg? They just made a movie about it." The teacher answered quickly, "That would be the Titanic." St. Peter let him through the gate. St. Peter turned to the garbage man and decided to make the question a little harder, "How many people died on the ship?" Fortunately for him, the trash man had just seen the movie and answered, "About 1,500." "That's right! You may enter." St. Peter then turned to the lawyer. "Name them."

November Events

November will be another busy month. We have scheduled a parking lot practice, a two event ride, a short ride, a kick-tire, and a District ERC in St.Pete. The Chapter Ride on 11/10/07 will be to Brooksville. Plans are to visit the FL1-L2 rally and/or the Roger's Christmas House. The events are only a few miles apart so riders may do either or both. A kick-tire at the Cove on A1A is scheduled for 10/20/07. A short ride has been scheduled for Sunday after Thanksgiving (11/20/07).
